

Introducing, Courts in Schools

Basketball New Zealand and Court Kings have partnered up once again to provide schools with a unique opportunity to overhaul their existing outdoor basketball facilities.

Courts in Schools, an extension to Basketball New Zealand's successful **Hoops in Schools** programme, will provide a select number of schools across the motu with:

- up to two height adjustable Goalrilla basketball units.

- an outdoor court upgrade, including **Proballer Turf**.
- an official launch event featuring Aotearoa's finest basketball talent.
- funding support to cover all costs of the project.

A lack of suitable equipment and facilities remains one of the biggest barriers to basketball participation. Currently many schools are unable to provide opportunities or support the growth and popularity of basketball. **Courts in Schools** is providing another means for schools to enjoy the many benefits that basketball continues to provide our tamariki and rangatahi.

Is our School eligible?

Courts in Schools will be limited to a select number of schools. To help determine those schools most in need, the following details will be considered:

- schools with less than adequate outdoor playing surfaces.
- schools that do not have existing basketball backboards, or backboards in need of repair.
- tamariki and rangatahi impact.
- community access to the basketball court.
